Details as at November, 2022

This subdivision plan is a draft only. Lot areas, boundary locations and easement widths and locations are provisional. They may vary and easements may be added in the final plan of subdivision.

Sewer Easements

This is a draft plan and the location of the sewer infrastructure and easements are provisional only. Before purchasing a block, interested parties should make enquiries as to the exact location of these assets and easements.

NOTE:

Lot dimensions, easement locations and sewer locations are dependent upon final survey and completion of subdivision works.
